Mosaics

Welcome to our extensive collection of mosaics made from contemporary glass, precious metals, shimmering iridescents, luxurious shell or tumbled marble

Versatile mosaics have always been in style and they are a brilliant way to add an individual touch to your home in so many different ways: as a splashback, a shower wall, a decorative wall feature, an accent within a neutral scheme, to provide a contrast of colour or texture.

To make it easy to choose the perfect mosaic, there are three sections: **Walls**, **Floors** and **Stone**. In each section, the mosaics swatches are laid out in colour order, from bright white to inky black, with a whole spectrum of colours in between. Over the following few pages we highlight some of the latest additions to the range and all new mosaics are clearly marked.

The possibilities are endless...

As well as supplying a vast range of off-the-shelf mosaics in a myriad of colours, shapes and materials, we can also provide you with bespoke designs.

Mosaics can be made to your specific designs, everything from a simple motif or logo to a precious or special photograph can be put on to a mosaic panel. Here are some suggestions for creating your bespoke mosaics:

- Photographs of family groups; individual portraits of babies, children; graduation images
- Pictures from your holiday, photographs of special pets, favourite cityscapes or landscapes, even your garden
- Mosaic panels for behind a bath or in a bedroom; a feature wall in a dining room, kitchen or living room; a panel in a hallway
- Mosaics can be made from glass, stone, ceramic or other materials, depending on where they are going to be installed
- Colours will be closely reproduced from the original image provided

In fact, anything goes! As long as you can provide us with a high resolution photograph or image, we can do the rest. Depending on the size of the area where your mosaic will be installed, your order should only take around 3-4 weeks to be delivered. The price will be dependent on size, colour and materials.

When your bespoke mosaics are ready for installation, a competent tiler should be able to fix them in place for you to enjoy for years. The images on these pages are just a taste to give you an idea, but obviously the possibilities are endless!

Contact your local Original Style mosaics retailer for more information and to discuss your specific requirements.

This larger than life depiction of the famous jockey A P McCoy riding Kauto Star was created by piecing together thousands of hand-cut glass tesserae. ↗
